Hi there,

Last week, we shared that we had inadvertently omitted College Coursework from the Application Profile PDF.

While College Coursework was always available in the payload and Application Profiles submitted on or after Feb 21, 2023 include the correct information, we generated PDF addendums this week for those previously impacted applicants.

The addendums will be delivered via the nightly batch this evening, Mar 8, 2023, as a "ProfileAddendum" document type.

If you haven't yet mapped the "ProfileAddendum" document type in your ScoirMaterials source format, you can do so in advance of this evening's batch or rely on Batch Acquire for manual resolution.

Again, we apologize for any inconvenience this caused and are ready to help if you have questions. Simply reply to reach our team.

Best,
Megan
